

Lower Primary News

Penguin class have enjoyed developing their 'computational thinking' by exploring different concepts in computing. We have really enjoyed following different algorithms using the blue-bots, and programming the blue-bots using tablets.

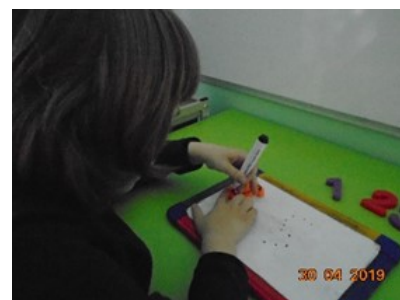

In maths Penguin Class have been learning about money. We have learnt to identify the different coins, as well as describe them by their shape and colour. We have also been working really hard on learning the value of the different coins, and using different coin combinations to pay for items.

Eagle Class have been very busy this half-term.

In Maths this half term the children in Eagle class have been deepening their knowledge of numbers and their values. The children have looked at different ways to represent a number and have used their knowledge of number values to sequence them!

In PSHE, Eagle class have been learning about healthy living. The pupils have enjoyed exploring and sorting healthy and unhealthy foods.

Robin

class

In maths we revised numbers and calculation. We did some fun activities on doubling and halving, and we used colourful counters to add and subtract.

Science has been one of our favourite subjects. We explored animals in their habitats, and we talked about food chains and how living things may eat other living things as part of their food chain.

Kingfisher

class

The children in Kingfisher class have been working hard to use their phonic skills to read and spell words. We have been learning to say sounds in words and blend them together.

The children have enjoyed using these skills to help them write pirate stories!

In PSHE we have been learning how to make healthy choices. The children enjoyed selecting fruits on our educational visit to Tesco and using these to make fruit salads back in Kingfisher class!
