

Sport Premium Overview

What does the Sport Premium mean for my School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013).

'Schools will also be required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day' (DfE June 2013).

Vision Statement

At Marjory Kinnon we want all our students to grow in confidence through a comprehensive and tailored PE curriculum. We want all our students to enjoy PE and Sport and for them to build a life-long love of Sport and Physical activity. We believe that the skills developed in good quality PE lessons and friendly competition will help our students develop socially and academically, and that the opportunities on offer at the school will meet the needs and abilities of all our children.

We believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better. We are working closely with Sport Impact www.sportimpact.co.uk and have identified key areas through a self review process to ensure we can meet the high expectations in PE and Sport for our children.

Through PE & Sport our children learn to develop the important qualities of discipline, resilience, communication, team work, and ambition, leading to improved concentration, attitude, and academic achievement.

We are committed to using the Sports Premium funding to develop high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Sport Impact have provided first class support and expertise in the planning and mapping of a new curriculum which has benefitted the students enormously. The main focus has been how to incorporate REAL P.E through the Create Development Programme for all students. From staff feedback and surveys it is believed that the implementation of this programme not only increases the quality of PE but also a significant improvement in behaviour in PE.
